Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which it basically changed me, modified the way I really believe.

They have most of them already appeared in various periodicals (Time, To-day, Commonweal, Justice, etc.), and this fact will explain any repetition of idea or mode of statement which may here and there be discoverable, also their, to some extent, heterogeneous character. The first article contains a condensed presentation of the cardinal points in the evolution of history. Such a statement must necessarily pass over many important details, and leave little room for illustration. The chief aim here has been to enforce the truth that the evolution of human society is a progress from Socialism to Socialism from the simple, limited, tribal Socialism of early man to the complex universal Socialism already prepared in the womb of time.
