At the request of his investigators, Jack Mitchell embarks on a series of PSI Research investigations that takes him coast to coast and deep into the Southwest. On these travels, he encounters ghosts, wizards, monsters, aliens, and inter-dimensional beings, some of which are bent upon the destruction of the human race. In the course of his travels, he travels to Poway, California, where he meets with an angry teen-aged ghost who is bent upon reaping revenge for her untimely death against all who come into her path. Trapped by the powerful spirit, Jack must convince her that he deserves to live. In Wilmington, Delaware, Jack engages a being from a parallel universe. This creature is bent upon opening a portal that would allow it to fully materialize in our world. Jack also encounters a wizard who offers baffling prophetic information about his future. Traveling to Sitting Bull Falls, New Mexico, Jack and Denise experience an unpleasant encounter with the mythical Chupacabra. They discover many of the secrets surrounding the mythic creatures as they battle for survival. Finally, in his home town of Wichita, Kansas, he investigates the Mystery lights and meets with an old acquaintance. Jack is also provided with information for use regarding an important individual in his future.
