William Morrow Company, United States, 2014. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Kat Caruso wishes her brain had a return policy, or at least a complaint hotline. The defective organ is constantly distracted, terrible at statistics, and absolutely flooded with inappropriate thoughts about her boyfriend's gorgeous best friend, Alec . . . who just so happens to be her brand-new math tutor. Who knew nerds could be so hot? Kat usually goes through tutors like she does boyfriends--both always seem to bail when they realize how hopeless she is. It's safer for her heart to keep everyone at arm's length. But Alec is always stepping just a little too close. Alec Stone should not be fantasizing about Kat. She's adorable, unbelievably witty, and completely off-limits. He'd never stab his best friend in the back . . . But when secrets are revealed, the lines of loyalty are blurred. To make it count, Alec must learn that messy human emotions can't be solved like a trigonometry function. And Kat has to trust that he may be the first guy to want her for who she is, and not in spite of it.
