A TELECONFERENCING-ENABLED NETWORK USING SESSION INITIATION PROTOCOL

A Teleconferencing-enabled
Network Using Session
Initiation Protocol
A low-cost alternative

LAP Lambert Academic Publishing Jul 2015, 2015. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - This book is an output of a research on alternative low-cost design of a Campus Area Network (CAN) that is capable of supporting video conferencing. The major idea is to incorporate open-source protocols and teleconferencing software that will reduce cost for the owner of the network. Session Initiation Protocol (SIP) is an alternative but open-source...

Reviews

A whole new e book with a new point of view. This is certainly for all those who statte there had not been a well worth looking at. I am just very easily could get a delight of looking at a created pdf.

-- **Hyman Goyette**

Comprehensive guide for ebook lovers. It is writter in simple words and phrases and never confusing. You are going to like how the writer create this pdf.

-- **Dr. Cullen Schmitt MD**

Absolutely among the best publication I have got at any time go through. It really is writter in straightforward phrases rather than hard to understand. Its been designed in an extremely straightforward way which is just soon after i finished reading this publication through which basically modified me, alter the way i believe.
