## THE TABLETS OF THE VISION (HARDBACK)

Xlibris Corporation, United States, 2010. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Many books on bible prophecies have been written. Many if not all, present whimsical fairytales as if they are true. These previous books set out the prophetic time fulfillments based upon incorrect calculations. This Book differs greatly from these, as it sets out consistent, accurate, and indisputable facts, that flow from beginning to end of the prophetic vision of God with no time gaps. Many if not all scientists today claim that the years of biblical events do not jive with archaeological evidence. This is unfortunately a correct fallacy, as they use the incorrect numerical calculations. This is a self-help study guide unlike any before it. Key verses from difficult to understand prophecies, parables, or principles are quoted, mostly from the Webster Bible and a few from the King James Bible Version under the fair use doctrine. These verses contain sections of God s Word that relate to the facts set forth as explanations of the prophecy, parable, or principle so that the fulfillment of the prophecy, meaning of the parable, or the principle can easily be understood. It is requested that you read the verses in the Bible that are written both before and after the given verses, so that a full and complete picture and understanding of God s word can be seen. If you do not understand something, reread the verses and then pray to Jesus that He might give you the wisdom to understand. In times before Jesus, God s great prophets came unexpectedly and in Israel s greatest arrogance, and disregard for the Most High God. Those times are not so unlike today in America and throughout the world. The Jewish priests and people scorned these great...
