An electrifying thriller from the New York Times bestselling author in the Star Trek: The Next Generation universe. 2031: United States Air Force fighter jets shoot down an unidentified spacecraft and take its crew into custody. Soon, it s learned that the ship is one of several dispatched across space by an alien species, the Eizand, to search for a new home before their own world becomes uninhabitable. Fearing extraterrestrial invasion, government and military agencies swing into action, charged with protecting humanity no matter the cost. 2386: Continuing their exploration of the Odyssean Pass, Captain Jean-Luc Picard and the crew of the Starship Enterprise discover what they at first believe is a previously uncharted world, with a civilization still recovering from the effects of global nuclear war.
