

Where's the Truth?: Letters and Journals, 1948-1957

By Reich, Wilhelm. Higgins, Mary Boyd, Editor. Strick, James E., Introduction by.

FSG. 1 Cloth(s), 2012. hard. Book Condition: New. A student of Sigmund Freud's and a prominent research physician in the early psychoanalytic movement, Wilhelm Reich fled from the Nazis to America in 1939, and pursued his research into the theoretical animating force he called "orgone energy." This collection of Reich's autobiographical writings, drawn from his diaries, letters, and notebooks, begins in January 1948, shortly after he became a target of the Federal Food and Drug Administration, which, in 1954, burned Reich's published books and research journals. Challenging the right of a court to judge basic scientific research, Reich was imprisoned in March 1957 and died eight months later; the texts here reveal his determination to protect his life's work. 273.

Reviews

The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinion.

-- **Madyson Rutherford**

Completely among the best pdf I actually have possibly read through. It is probably the most awesome pdf we have read. You wont really feel monotony at whenever you want of your time (that's what catalogs are for about in the event you ask me).
